Faculty Sustainability Committee  
October 1, 2014

Present: Jim Biardi, Carol Ann Davis, Toby Svoboda, Katy Phillips, Kraig Steffen, Aaron Van Dyke

- Campus Sustainability plan
  - Has been requested from the Campus Sustainability Committee (CSC)
  - Two courses on campus reviewed the plan and made comments
  - A survey was sent out last year and only a handful of responses were received
  - The draft plan is available on the web
  - The work study student will be compiling these responses this afternoon
  - Comments on the plan will be presented at the next CSC on 10/8
  - At the next CSC, will also discuss how this plan is integrated into the Fairfield 2020 initiative

- Campus Map
  - Has been requested from the CSC
  - Is meant to show a record of land use on campus
  - A survey of faculty land use was conducted a few years ago
  - Land use by sports has not been assessed; perhaps this is something for the CSC to assess

- Water focus
  - Discussed the possibility of the FSC sponsoring a film

- Potential future initiatives
  - Campus shuttle to the train
    - Need a survey of faculty, staff and students – will bring this up with the CSC
  - Parking garage
    - One idea is to have a partnership with the city to build a garage at the train station
    - Potential of the prep school to build a garage
  - Adding sustainability to the core
    - Could this be an option under the world diversity requirement as a social justice issue?

- Upcoming Meetings
  - November 5th at 10:45 am
  - December 3rd at 10:45 am

10/1/14  LKS
